PROJECTS

Password Manager | **Java, Swing, HashMap** | GitHub *Jun' 2025 – Jul' 2025*

- Developed a secure desktop password manager using master authentication and secure credential handling.
- Implemented GUI using Swing components and HashMap-based password storage with add, view, and delete features.
- Improved password organization and accessibility through a clean single-window interface.

Daily Task Organiser |**PHP, MySQL, HTML, CSS** | GitHub *Mar' 2025 – Apr' 2025*

- Built to help users register, log in, and organize their daily tasks in one place, improving planning and productivity throughout the day.
- Developed using **PHP**, **MySQL**, and **HTML/CSS**, featuring user authentication, task creation, editing, deletion, categorization, due dates, and priority levels—supported by a structured database with users and tasks tables.
- Enhanced task tracking efficiency by allowing users to manage and update their task lists dynamically through a clean and responsive web interface.

TRAINING

Placement Ace: Java Bootcamp (LeetCode–Codeforces Edition) |**Java, Swing** *Jun' 2025 – Jul' 2025*

Lovely Professional University (Centre for Professional Enhancement) | Certificate

- Completed an intensive Java-focused bootcamp designed to strengthen problem-solving and competitive programming skills.
- Applied **core Java concepts** including object-oriented programming, collections, and control structures to solve algorithmic problems.
- Practiced Data Structures and Algorithms through curated problem sets inspired by LeetCode and Codeforces, focusing on arrays, strings, recursion, searching, and basic dynamic programming.

CERTIFICATES

Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate *Aug' 2025*

Oracle|Certificate

Cloud Computing (Elite Certification). *Apr' 2025*

NPTEL (IIT Kharagpur) |Certificate

BinaryBlitz Web Hackathon *Mar' 2024*

Coding Ninjas | Certificate

ACHIEVEMENTS

- Earned **Elite certification** in Cloud Computing from NPTEL (IIT Kharagpur), ranking among top performers.
- Solved 49**+ coding problems** across LeetCode, CodeChef, HackerRank, and GeeksforGeeks, with strong DSA performance in Arrays, Binary Search, and Dynamic Programming.
- Received multiple skill badges in **C, C++, and Java** on various platforms for consistent coding practice and topic mastery.
- Participated in the **BinaryBlitz Web Hackathon** by Coding Ninjas, contributing to real-time problem-solving and efficient web development
